jGun® DUAL SPEED

Pneumatic Torque Tool

The **jGun DUAL SPEED** is the only pneumatic multiplier that gives you the flexibility to use it for rundown, final torque, and heavy duty breakout. Simply adjust the collar to quickly switch between torque and rundown, saving time and eliminating the need for two separate tools. With tool models ranging from 194 - 8,285 ft.-lbs. of torque, the jGun® is great for bolting jobs of many different sizes. It makes any bolting job simpler by giving you one easy to use system from start to finish. Low vibration reduces the risk of hand-arm vibration injuries, the repeatable torque means bolting applications will be more uniform and consistent, and the Wheel Gun Accessory makes it great for fleet maintenance.

- INDUSTRY-LEADING REPEATABILITY
- 3-IN-1 BOLTING SYSTEM
- INTUITIVE DESIGN
