# LION GUN® X

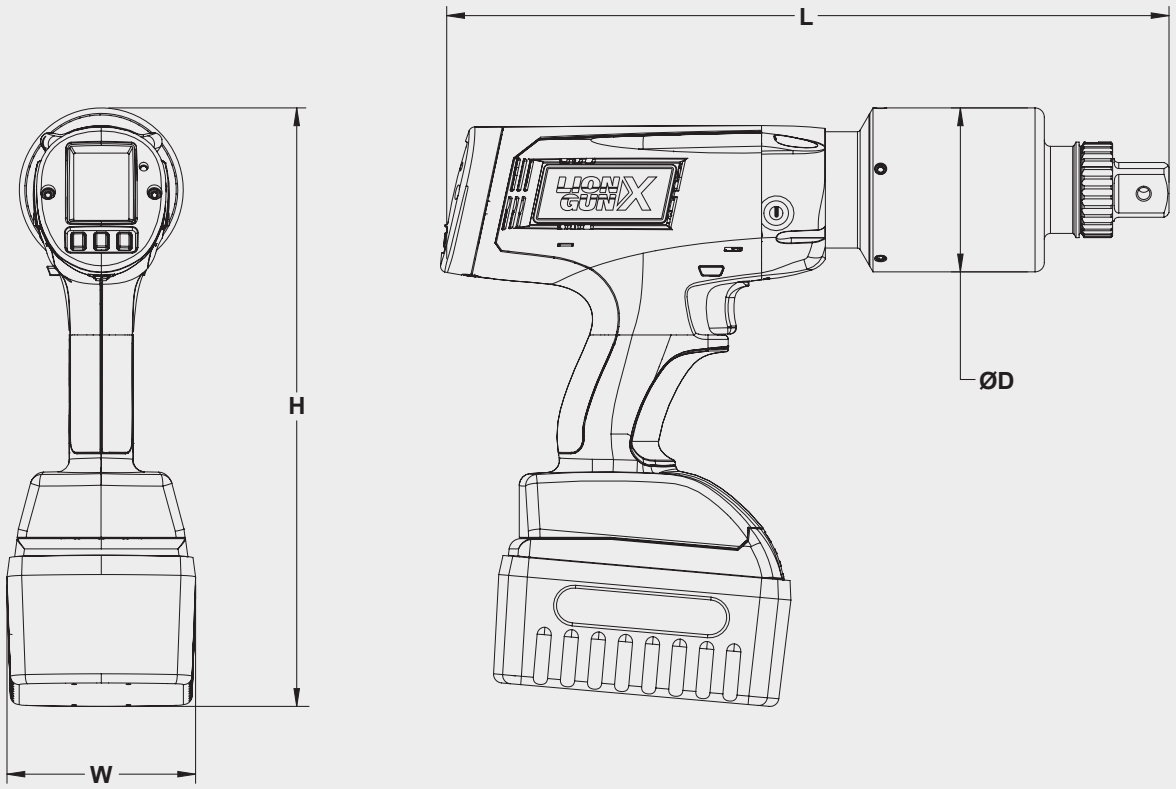

## Electric Torque Tool

The fast and powerful **LION GUN X Electric Torque Tool** has a lighter weight, a smaller profile, and is simpler to operate than other electric torque tools. With a compact 36V battery, this tool delivers up to 3,000 ft.-lbs. (4067 Nm) of torque, making it one of the most powerful battery-powered tools in the HYTORC lineup. It's compatible with conventional sockets and all HYTORC square drive accessories. The LION GUN X offers built-in data recording using a USB cable and PC, or optional Bluetooth.

With more straightforward menu options and a simpler user interface, the LION GUN X is the perfect choice when it's time to just go bolting!

- POWERFUL
- EASY TO USE
- PORTABLE
